The [Special Permit Management System User Guide](#)  explains how the application works.

Permits that are free of charge will be automatically renewed this year. However, starting on **December 31, 2023**, you will have to apply for and renew permits via the application. At the end of the one-year validity period, you will receive a notice of expiry, as is already the case for permits with a fee. Other [regulations](#) (page in French only) remain unchanged.

In the context of this important IT change, the GPM system will be closed from October 21, 6 p.m., to October 23, 2022, 6 p.m. During this period, it will not be possible to obtain any special permits for permits issued under:

- the Regulation respecting special permits (classes 1 to 7),
- the Special Road Train Operating Permits Regulation,
- section 633 of the Highway Safety Code.
