SPECIAL PERMITS (Classes 1 to 7 and road trains)

NEW ONLINE TOOL TO APPLY FOR AND DELIVER SPECIAL PERMITS

Please note that as of February 11, 2019, all applications for special permits for classes 1 to 7 and road trains will have to be submitted to the ministère des Transports. Applications will no longer be processed by the Société de l'assurance automobile du Québec's (SAAQ) points of service.

It will be possible to submit an application **exclusively** through the Ministère's website with its special permit management system (*système de gestion des permis ministériels*, or GPM system).

The GPM system, which is an entirely transactional online tool, will make it easier for applicants to apply for special permits and will ensure a more efficient management of applications. It will be possible to submit an application 24/7, year-round. The Ministère will also use this new tool to issue special permits to applicants, who will no longer have to travel to get it.

The GPM system can be accessed from the Ministère's website through the [Special Permits](#) webpage.
